

IQ Integrated Portfolio Analyzer Plus

InQUisient

IQ Integrated Portfolio Analyzer Plus is the modern answer to digital business investment uncertainty. Leveraging the power of the InQusient Platform, you can finally bridge the gap between your spending and your strategic plans with real-time analytics.

Timely data – the missing link for investment risk

Digital business investments carry high levels of risk. But how do you know when your investments require attention? That's the challenge – the gap between spending and knowing whether investments are aligning with changing market needs and business goals. **The most efficient, profitable changes are informed by timely knowledge. You need to know that your investments are on track and that you aren't missing any opportunities.**

Inform your decisions, Reduce your risk

The IQ Integrated Portfolio Analyzer Plus tool bridges the gap between spending and effectively implementing your strategic plan. Real-time analytics enable informed business model change, investment guidance and operating model transformation for best outcomes. It is data-driven agility in motion.

Discover the benefits of a fully iterative tool

- ✓ Tracks in real-time whether your investments are paying off
- ✓ Integrates data from your best of breed tools and processes
- ✓ Produces clear and concise summaries in visual dashboards
- ✓ Analyzes level of risk and other metrics to guide agile strategic investment decisions
- ✓ Enables data-driven optimization of business processes
- ✓ Performs investment gap and overlap analyses

Identify and seize opportunities **with confidence**

CIO OBJECTIVE

Customer Centricity

Product-Centric Delivery

Achieve better outcomes through major changes in operating models

Concentrate and invest in data analytics, rather than system sustainment
